

Dwayne outside his new home

View from the Prescott's

"My family and I are more about the bushland and natural environment, the mountains and sweeping views."

After living on 28 acres and in the Cooranbong area for over 10 years, Dwayne and Lorraine Prescott have recently moved to Hampton Ridge and built a beautiful home with McDonald Jones Homes.

What was it that made you buy at Hampton Ridge?

The land sizes, primarily. Having moved from 28 acres, space and peace and quiet were still important in the downscale. The generous land lots and high-quality building guidelines at Hampton Ridge certainly lift the profile of the area on a whole and adds to the prestige of our estate.

What do you like about living at Hampton Ridge?

The major drawcard for the Hampton Ridge Estate, over other neighbouring land releases, was the allowances for a substantial shed to be built on my land. I keep a caravan, a 4WD and enjoy having some "hobby" space. The size of the lots at Hampton Ridge provided the ultimate opportunity for me to realise all of my lifestyle expectations at a very reasonable cost.

What is it you like about the area?

Living in this area allows such diversity in lifestyle for all sorts of people. Friends of ours love it here because of the proximity to the Lake and water-based activity. My family and I are more about the bushland and natural environment, the mountains and sweeping views. Everyone's tastes are catered for here at Hampton Ridge.

**Huge 1600sqm land lots at Hampton Ridge are now selling from just \$223,000!
Brand new 4 bedroom + study homes with nothing more to spend now selling.
Priced from only \$508,000!**
